

HOME MODIFICATIONS

Do you have concerns about getting in and out of your bath or shower?

Are you worried about managing the stairs?

Have you thought about grab rails and other safety devices?

Here at SSRG we have Occupational Therapists who are specialists in home and disability access modifications. We can provide expert advice to assist you to stay living safely in your own home.

Our Occupational Therapist are trained to:

- Identify potential hazards within the home
- Advise on appropriate Australian standards for safety
- Work with you to design safe and accessible spaces that will be useable for the long term including wheelchair accessible bathroom, toilet areas, kitchen areas and laundry.
- Prescribe grab rails, ramps, stairclimbers, bidets and other aids
- Connect you with appropriate community funding that can support the completion of modifications
- Arrange for project management, build and full completion of works
