

## NEUROLOGICAL REHABILITATION

# Are you living with an acquired brain injury or a degenerative neurological condition?

Living with an acquired brain injury or having a degenerative or progressive neurological condition can bring unique and challenging day to day difficulties for individuals, family members and carers.

Here at SSRG, we have a team of experienced Health Professionals including Occupational Therapists, Physiotherapists, Speech Pathologists, Dietitians, Podiatrists and Social Workers who have the expertise to assist you.

Our team use the latest research to guide treatment interventions and have particular expertise in the following areas:

- Acquired brain injury
- Stroke
- Parkinson's disease
- Motor neurone disease
- Multiple sclerosis
- Huntington's disease
- Muscular dystrophy

### Our team can offer you:

- Comprehensive and holistic assessment
- Specific treatment modalities to assist with pain and other symptoms
- Gentle exercise regimes and appropriate physical therapy
- Cognitive rehabilitation and strategies to aid attention, memory and problem solving
- Swallowing and feeding assessments
- Assistance with communication devices
- Provision of expert advice and prescription of appropriate footwear
- Specialist dietary and nutritional advice
- Expert advice on equipment prescription and assistive devices and support to access relevant government funding schemes
- Detailed home safety assessment and prescription of effective home modifications
- Splinting – upper and lower limb

- Prescription and management of effective compressive garments
- Support to connect with appropriate government and non-government practical supports
- Provision of long term self management plans
