

Do you have a persistent wound or swelling in your legs?

Or any of the following problems:

- · Foot or ankle swelling
- · Shoes that you can no longer fit into
- Compression stockings that you don't wear because they are tight, old or uncomfortable

Here at SSRG we have an experienced team of health professionals who have the expertise to assist you.

At SSRG our team is using the latest research to guide treatment interventions. This is what we can offer you:

- Comprehensive and holistic assessment putting the individual first
- Ordering of diagnostic tests and prescription of medications in liaison with your G.P.
- A Comprehensive Treatment Plan in combination with your community care providers
- Provision of expert advice for proven cost effective dressings and treatments

- Education to enable you to be part of your treatment and management of your condition
- Specialist compression therapy treatments i.e. bandaging which is key to improved healing
- Prescription of manageable and effective compression garments
- Provision of expert advice about or prescription of appropriate footwear

Conditions Accepted:

- Pressure injuries
- · Skin tears and fragile skin
- · Slow to heal grafts and donor sites
- Neuropathic ulcers
- Post op wounds
- Lower leg ulcers venous, arterial, mixed aetiology
- General dependent oedema
- · Varicose veins
- · Venous changes in pregnancy
- · Chronic Venous Insufficiency (CVI)
- · Superficial thrombophlebitis

- Deep Vein Thrombosis (DVT)
